

2025 ENPE Annual Conference

From policy to practice:
**EFFECTIVE CONFLICT OF INTEREST CONTROL
AND OVERSIGHT TO COMBAT CORRUPTION**

Budapest, 16–17 October 2025

Ceremonial Hall of the Ministry of Interior
1014 Budapest, Szentháromság Square 6

The 2025 European Network for Public Ethics (ENPE) Annual Conference, hosted by the Hungarian Integrity Authority, will focus on strengthening conflict of interest oversight as a key tool in fighting corruption across Europe. Gathering public ethics authorities, policymakers, practitioners, and civil society, the event will explore how EU regulations can be turned into practical strategies and promote greater harmonisation among Member States. Against the backdrop of recent scandals, increased public scrutiny, and the EU's latest anti-corruption initiatives, the conference offers a timely platform to share best practices, engage with stakeholders, and advance transparency and accountability in public governance.
